

Giants Sensory map

Key to symbols:

General light levels

The lighting is **medium to low** with some backlight screens, projected films and spotlight areas.

Low light level

Take care in darker areas.

General noise levels

The films have sound tracks that include music, water sounds and animal noises. **Ear defenders** are available on request. Please ask a member of staff.

Seating

Six seating areas are provided including seats at the longer films.

Hands on

Interactive or tactile displays.

Large print labels

Hand-held book of exhibition labels. Please return after use.

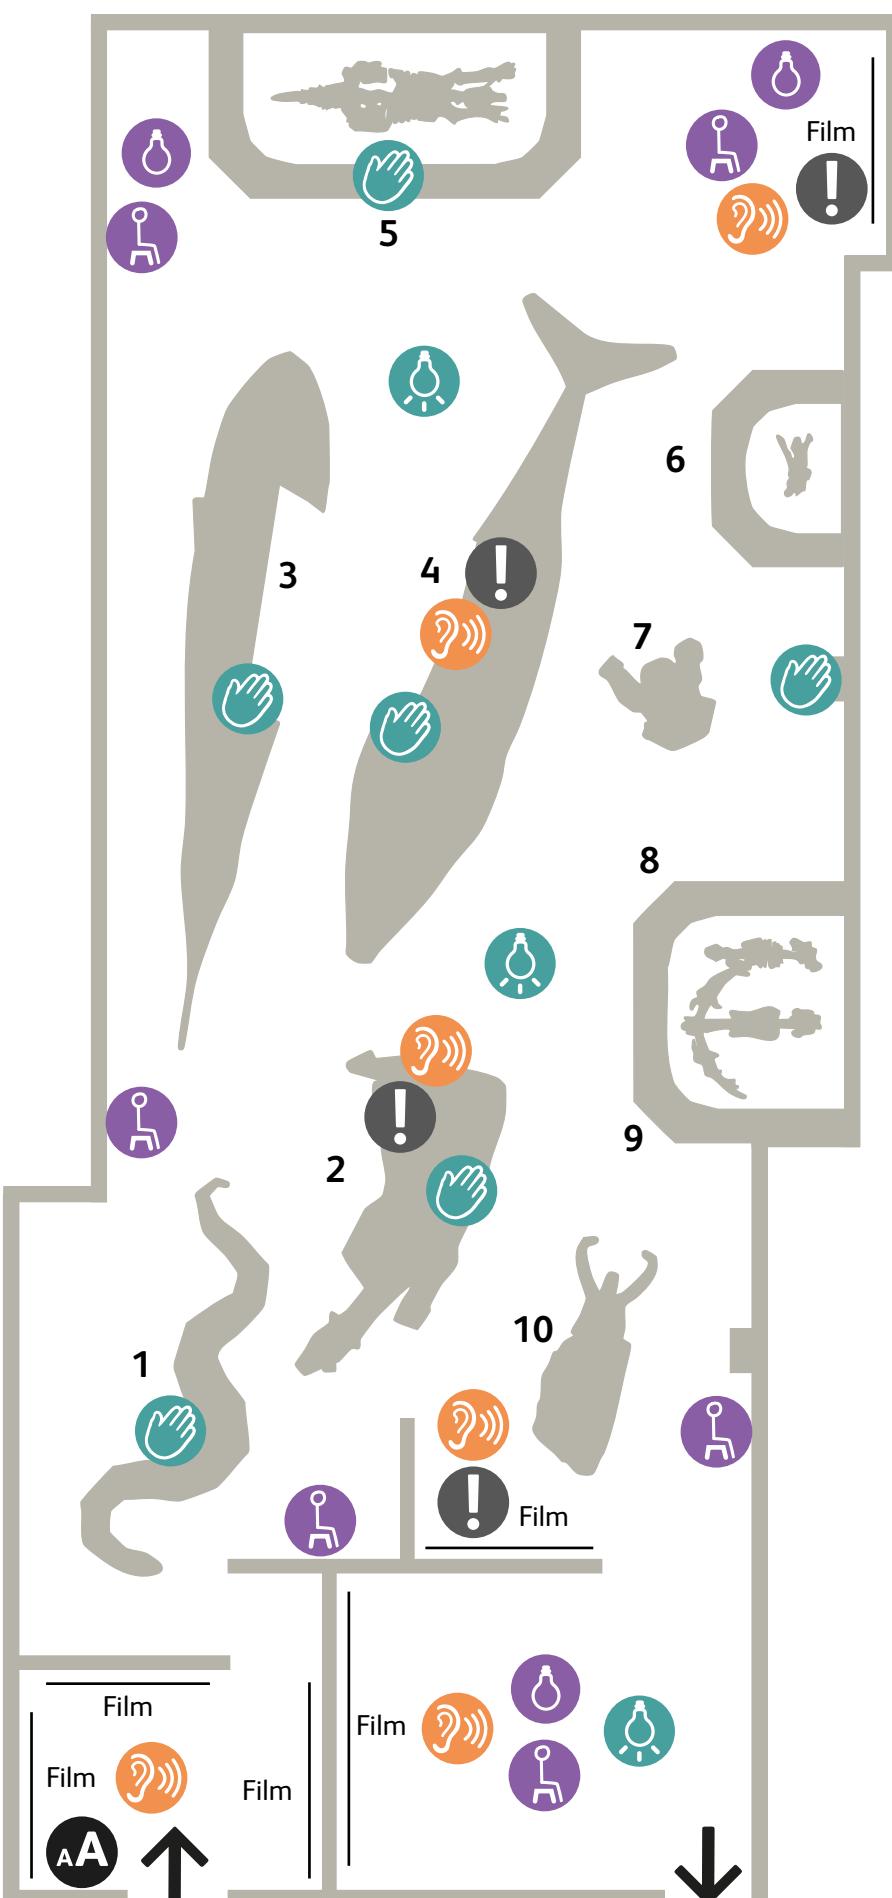

Content Warning

Images of predation (animals hunting and eating other animals)
